

Linssen Grand Sturdy 410 Sedan

Very spacious and charming sedan model from Linssen Yachts. Sublime sailing characteristics, very easy for anyone to handle. The yacht is equipped with a quiet powerful Volvo D3 drive and a full navigation package. The typical Linssen look with maritime wheeling around the yacht gives this yacht a sympathetic and original appearance.

On the port side is the steering position with a complete navigation package and a bow and stern thruster. This model already has the sliding door next to the steering position. The yacht features a spacious forward cabin with a double bed with a slatted bed base and quality mattresses. Midships there is a second cabin with two single beds. This yacht is equipped with a powerful generator. The galley is spacious and equipped with an induction stove, a spacious refrigerator with freezer compartment and a combination oven. Throughout the yacht is extremely ample closet space. In the salon there is a spacious settee equipped with the easy sleep system; a simple operation creates two extra beds. The salon offers a nice atmosphere with its beautiful light paneling and generous light. The open cockpit, which extends into the salon with folding doors, is a very spacious corner seat with an original Linssen cushion set and a robust fixed table on two high-gloss stainless steel legs. This space is completely lockable with tent sections in the color Sand. The cockpit is fully heatable and can easily accommodate at least eight people.
