SANZI - YACHTS

Linssen Grand Sturdy 470 Sedan Wheelhouse

Very charming and popular sedan Wheelhouse model from Linssen Yachts. Sublime cruising characteristics, very easy for anyone to handle. The yacht is equipped with two quiet Volvo D3 drives and a very complete navigation package. The typical Linssen look with maritime wheeling around the yacht gives this yacht a particularly sympathetic and original appearance.

On the starboard side is the steering position with a very complete navigation package and a bow and stern thruster. The steering position is slightly elevated and therefore offers a perfect overview. The wide sliding roof over the saloon gives the inside steering position a wonderful outdoor feeling. For utter sailing comfort, this Linssen is equipped with a set of stabilizers from Magnus Master. This allows you to sail very relaxed, even on big waters and lots of wave action.The yacht has a very spacious forward cabin with a double bed with a slatted bed base and new premium quality mattresses. The forward cabin is equipped with a generous shower on one side and a bathroom with toilet and vanity unit on the other. Midships there is a second cabin with two single beds, opposite is a guest toilet.The galley is spacious and equipped with an induction hob, a combination oven, a dishwasher and a spacious refrigerator with freezer compartment and a refrigerator drawer. In the cockpit basement is a washing machine and plenty of room for board bicycles, among other things. On board is a 9.4 Kw generator. The yacht is heated by a comfortable underfloor heating system. Throughout the yacht is extremely large closet space. In the saloon there is a spacious sofa with an easy sleep system; a simple operation creates two extra beds. The saloon offers a nice atmosphere with its beautiful light paneling and generous amount of light. The special

feature of this layout is that the cockpit, saloon and galley feel like one large, attractive space. The open cockpit, which extends into the saloon with folding doors, is a very spacious corner seat with an original Linssen cushion set and a sturdy fixed table on two high-gloss stainless steel feet. This space can be completely closed off with awning elements in the color Sand. The cockpit is fully heatable and can easily accommodate at least eight people. The ship has a robust sturdy appearance with chic maritime allure. As soon as you step aboard you will feel at home.
