SANZI - YACHTS

Linssen SL 40 AC

The Linssen Grand SL40 AC is the Sport Luxury model from Linssen Yachts. A special series with strikingly chic and sporty looks. This yacht is powered by a powerful and very quiet Volvo D3 and is equipped with an electric bow and stern thruster.

The sublime cruising characteristics make sailing with this yacht a great feast; once familiar with the yacht you will find that you maneuver it around every corner with little effort.

The yacht is equipped with a full navigation package including a plotter, tridata etc. all this from the renowned brand Raymarine.

The Linssen SL 40 AC, the chic space wonder from Linssen Yachts. The interior is made of high-quality HPL in a light oak look.

With its 40-foot length, this type of Linssen has no fewer than three sleeping quarters and fixed beds for six adults. In addition, the easy-sleeping system in the saloon converts in an instant to a comfortable extra double bed complete with slatted bed base. The yacht features two showers, two bathrooms each with an electric toilet, and the bathroom near the forward cabin can be accessed from two sides, so the forward cabin and the cabin opposite the bathroom offer complete privacy.

The upward folding staircase towards the forward cabin offers plenty of storage space and is an ideal space for a wine lover, for example.

The cabins and bathrooms are equipped with portholes and roof hatches which provide plenty of light and ventilation in the living spaces.

The amount of storage space on this yacht is remarkable. Spacious closets and generous drawers under the bed provide even more storage space.

The layout in the salon is practical and from any position there is a rich view outside. Due to the upper kitchen, there is plenty of light there as well. The kitchen is equipped with a 3-burner gas stove and a gas oven.

The yacht has always been serviced at the Linssen dealer and the maintenance booklets are signed off. The complete ship and kitchen equipment as well as the decoration can be taken over.

On the aft deck is a comfortable, ergonomic helm seat, which is adjustable. A spacious corner bench with an original Linssen cushion set with a divisible teak table with beautiful high-gloss stainless steel legs make the aft deck a wonderful place to spend time with the entire crew.

It is possible, if you want any extras on this beautiful motor yacht, to have them carried out at our yard for transfer.

The yacht is available with deductible VAT, therefore also very interesting for charter-investment.
